

Modern Slavery Case Worker

Halton

MEDAILLE TRUST
REFUGEE AND FREEDOM FROM MODERN SLAVERY

Salary: £28,119 per annum
Hours: 37.5 hours per week

Medaille Trust is one of the leading providers of support to survivors of modern slavery and human trafficking in the UK. We are working to provide refuge and freedom for survivors and fighting to see slavery in all its forms become a thing of the past. The need for this work has never been higher, there are more than 50 million estimated victims of modern slavery worldwide, and over 120,000 potential victims in the UK.

We operate ten safe houses and five outreach hubs, staffed round the clock by specialist staff, working with more than 600 men, women and dependent children each year. We work to raise awareness in the UK and to provide preventive work in source countries. Our Pursue work helps survivors to engage with police and within the legal system to seek justice and to secure convictions against their perpetrators.

This role is based in a safe house in the Halton area.

We are seeking a confident and experienced Modern Slavery Case Worker with a wide range of skills and importantly, a 'can do' approach.

As the Modern Slavery Case Worker, you will work as a member of a close and supportive team providing a safe environment for vulnerable male adults from outside the UK who have experienced trauma and exploitation. You will provide high quality practical and emotional support to the residents within a risk assessed safe house setting. The role will involve assisting clients with increasing practical skills and self-confidence to empower and enable independent and safe living. You will support the Modern Slavery Case Worker Assistants with managing client's case load which will involve all aspects of support and case work.

This service is open 24 hours a day, seven days a week which means you will be required to be part of an on-call rota and able to get to and from the project if it is necessary to attend the project whilst on-call.

You must have experience of working with vulnerable adults, the ability to work within a 'risk associated' environment and, ideally, experience of working within a residential or community setting with non-UK citizens.

Administration / IT skills and health and safety awareness are essential. Modern Day Slavery, Immigration and knowledge of the asylum process would be desirable.
